Category:			
Target version:			
eXtplorer Version:	2.1.4	Joomla! Version:	Joomla! 3.2
Description			
I am no longer able to edit any files in extplorer since update to 2.1.8. I get an error popup JSON Decode Error: dialog is undefined. I tested the same with a site at 2.1.7 and it works fine. It must be this version.			
joomla version 3.4.5
