Joomla extension update

11/22/2021 08:25 AM - Chris Vaughan

Status:	Neu		
Priority:	Normal		
Assignee:			
Category:			
Target version:	2.1.15		
eXtplorer Version:	2.1.13	Joomla! Version:	Joomla! 3.9
Description			
Hi when I try and update to 2.1.14 The update fails If I look at the update record at http://extplorer.net/extplorer_update.xml I see this version does not seem to have a valid download url <pre><version>2.1.14</version> <infourl title="eXtplorer Homepage">https://www.extplorer.net&lt;/infourl> <downloads> <downloadurl type="full" format="zip"/> </downloads></pre>
